We invite you to take part in the 8th International Conference on Control Systems Mathematical Modeling, Automation and Energy Efficiency (SUMMA2026), which will be held in Lipetsk on November, 11-13 2026

SUMMA2026 program includes topics of interest that consist of, but are not limited to:

- I. Industrial Applied Mathematics and Artificial Intelligence
Mathematical Foundations of Control Theory; Control of Organizational and Socio-Economic Systems; Machine Learning and Artificial Intelligence
- II. Automation
Industrial Automation and Control Theory applying to Technological Processes; Digitalization in Industrial, Economic and Social Systems; Metals and Mining Industry; Transportation Systems
- III. Industrial and Commercial Power and Power Conversion Systems
Energy Systems and Power Systems Engineering; Electric Machines and Industrial Drives; Power Electronic Devices and Components

Submission of Papers

The working language of the conference is English. Prospective participants are requested to electronically submit full original papers of their work (limitation is 6 pages) following the instructions available on the website via Microsoft CMT system. Each participant has to be author or co-author no more than three papers. Accepted papers will be submitted to IEEE Xplore. Each accepted paper must be presented at SUMMA2026 to be published in the proceedings. The final manuscript must be accompanied by a registration. In case of non-presence at the conference the registration fee will not be refunded.

Important Dates
